

ANNOUNCEMENT TO THE MANOR LEARNING TRUST COMMUNITY

The Directors of the Manor Learning Trust are very pleased to announce that Mrs Linda Brooks, Executive Principal of Manor School Sports College and St Peter's C E Academy will be appointed to the post of Chief Executive Officer of the Manor Learning Trust with effect from 1 September 2017.

Over the last 10 years Mrs Brooks has successfully led developments and improvements at Manor School Sports College. In recent years, she also been instrumental in establishing the Manor Learning Trust as a small multi-academy trust with currently three good community focused schools in the group; Manor School Sports College, St Peter's C E Academy and Stanwick Primary. The Directors recognise this contribution and are delighted that this new post will provide the opportunity to focus on leading the Manor Learning Trust through the next important stage of its growth and development.

Plans are already in place to appoint a new Principal of Manor School Sports College for September 2017. In the meantime, Mrs Brooks will continue in post with 'business as usual'. Please be reassured that during any period of change or transition, the skills, experience and talents of its existing leadership team and staff will ensure the school is well placed to continue delivering the best possible education to all its students.

Further information will follow later in the year. In the meantime, the Directors wish Mrs Brooks success in her new post and thank parents, carers and the local community for their continued support and commitment to the school and the Manor Learning Trust.

Dudley Hughes JP
Chair of the Manor Learning Trust
